7. VISITORS

i. Borough Councillors

SBCllr Wright submitted the following report:

My report is that I have engaged with and dealt with quite a few of Newington residents this month dealing with issues around air quality to pot holes, pavements, and anti-social behaviour.

I attended the air quality management meeting in the pavilion and will continue to pass on those residents views to Swale Council I still have a small amount of my community grant money available for good causes or community events if people wish to apply. Can I remind the Parish Council and residents that if there is any issue regarding Swale Borough Council services that requires attention then please will they contact myself so the appropriate action can be taken

ii. County Councillor

KCCllr Whiting submitted the following written report:

Surgery *I was delighted to attend the official opening of the new surgery in Newington. Dr Adigwe has created an asset of real value to the residents, and he tells me he has 500 people registered. Comments from members of the public to me have been very supportive and encouraging. This was clearly something a lot of people have wanted for a very long time, and I am pleased to have been able to assist Dr Adigwe in making it a reality.*

Housing Highways *England is being very clear that it will put a holding objection to any housing development application that adds to traffic along the A249 corridor. Current holding objections are against a number of developments including at Chestnut Street.*

Speed limits *The formal consultation regarding an extension to the 30mph speed limit from Keycol Hill into Boyces Hill has closed and I will update your clerk on the results when I have been briefed on them.*

School transport *I have successfully assisted a couple of families in their home to school transport appeals. A number of families have been unhappy they have not been given the free transport they were expecting. I have checked and there has been no change in the policy for the past seven years, and where claims are valid then I have been able to help.*

Big Conversation *KCC is working up a number of pilot schemes as a result of the Big Conversation on supported transport for isolated areas. These will be announced at a bus summit at County Hall on 30 October. There are limited spaces and these will be by invite only. Anyone wishing to attend can express an interest via email to bigconversation@kent.gov.uk. KALC will be represented. Grants I am pleased to have been able to offer some of my Member Grant to the Newington History Group, If any other local groups need financial assistance then they can contact me and I will help where I can.*

Potholes *Hopefully Members will have noticed a considerable amount of patching along the A2, which has improved the road considerably. The 2018 Pothole Blitz is coming to an end and tenders for the coming winter's blitz are being prepared. That's not to say potholes won't get fixed in the meantime and residents should continue to report them, and any other fault with the highway or footways, via the KCC website - "report a fault"*

9. AMENITIES COMMITTEE

Cllr Jackson reported the Committee met with Inspector Craig West and PCSO John Cork prior to the Committee meeting. Inspector West gave an update on the Kent Police Strategy and also on the fly tipping campaign and resources within Swale. Inspector West's visit was useful and he has agreed to send further information following the meeting. PCSO Cork has carried out positive work in the school and with the nuisance bikes in the village.

Cllr Jackson said there have been problems with the grass cutters; the main pitch was cut but the children's play area became overgrown although they eventually remedied this.

The Committee considered a quote to adjust the track gate but felt it would be addressed as part of a wider project.

Cllr Jackson reported the play area was looking better as the swings had been painted by Cllrs Palmer, Harvey and Godmon and residents.

Cllr Haigh thanked everyone who helped.

Cllr Jackson said there had been no high risk matters for the play area on the Safety Report, there are a few moderate matters and these have started to be addressed.

Cllr Harvey said he had sent the report to Daniel Gooch, Swale Borough Council. Cllr Harvey said he will meet with a consultant from Wicksteed on 8 October and a 3D picture will be available to show the "Friends" group on 24 October.

It was agreed to send the play area inspection report to Wicksteed.

Cllr Jackson said the fence between the ball court and the play area needs to be reinstated to protect users of the play area.

Cllr Jackson reported the Parish Room ceiling has been repaired and the contractor also repaired the hole in the toilet. The heaters have been dealt with and the heating is working well. There has been an issue with the alarm system as it has not been sending text messages

Cllr Harvey said that when the issue has been addressed, neighbours will be contacted.

ii. Any other finance matter received by 25 September 2018

Cllr Godmon informed Councillors that NatWest charge £240.00 per annum for internet banking with two signatories.

Cllr Haigh said some Parish Councils use Lloyds and an administrator sets up the payments which are agreed by Full Council and two Councillors have to release the payments. It costs £6 a month for internet banking at Lloyds and they also charge for a cheque account.

Cllr Coles said internet banking was proposed for simplicity and immediate transactions.

Cllr Palmer said internet banking could be cheaper as it would save on postage costs.

Cllr Harvey said internet banking would provide up to the minute bank statements.

Cllr Harris said that any signatory can currently go into NatWest and ask for a statement and that he is usually near a bank at least twice a week. Standing orders would also need to be transferred. The Council has to be more proactive with signatories. There are benefits with internet banking and also things to be cautious of.

Cllr Haigh said banks do help when you changing banks. The Council wants to modernise and £6 per month seems more palatable although details of charges for a cheque account needs to be obtained from Lloyds.

ACTION: Cllr Godmon to ascertain details of internet banking for next agenda.

Cllr Haigh said the safety deposit box needs to be emptied and that she will do this with Cllr Harris.

12. CHURCHYARD AND CEMETERY

Cllr Haigh said an issue of nettles behind some headstones has been raised and that she will check if this has been addressed, the Clerk has reported the matter to the contractor.

13. HIGHWAYS

Cllr Harvey reported that he, Cllr Palmer, Cllr Mould, Cllr Layer and twenty-five members of the public had attended the Air Quality Meeting at the pavilion arranged by Swale Borough Council. Swale Borough Council has stated that by 2020 Newington will not be an Air Quality Management Area as there will not be any pollution problems in the parish. There are different

readings from the diffusion tubes because they were at different heights. The equipment outside the Co-op is not in a suitable location. The Borough Council believes air quality is worse at Rainham than at Newington. There will be another meeting in January.

Cllr Layer expressed concern that the Government says more houses must be built.

Cllr Harvey said the important thing is that the Council is aware of the situation and what needs to be watched.

Cllr Haigh said the Council will receive minutes from the meeting and details of the meeting in January.

14. STREET LIGHTING

Cllr Haigh said the Council has twice approved the upgrading of the street lights to LEDs. The Council has applied to the Ministry of Housing, Communities and Local Government (MHCLG) for permission to take out a loan but further information about the consultation has been requested. The consultation was advertised in the Village Voice and on the website but no residents attended.

Cllr Harvey said that if the Council advertises another meeting and no one turns up the Council would only be able to show it had advertised a consultation.

Cllr Haigh said the Council will liaise with the MHCLG and will write an article for the Village Voice.

Cllr Haigh said the lamps for the thirty-nine SOX lights will go out of production next spring, the Council could purchase the lamps now. If the Parish Council starts to replace the lights with LEDs it will not be able to take out a loan.

15. REPORTS FROM MEMBERS

Cllr Palmer reported he had attended the KALC Swale Area Committee. The Rural Police Team is being increased by a further six officers. Modern slavery is prevalent in the UK although not so prevalent in Kent. The team is dealing with more traveler related issues in Kent.
